

Standard Slide

Full Feature Demo

Showcasing every slide layout: titles, content, metrics, charts, timelines, tables, quotes, and more.

Slide 1

Standard Slide

Content & Bullet Layouts

Standard slides with text, bullets, and key messages

Slide 2

Standard Slide

Standard Bullet Slide

The default layout renders a clean card with an eyebrow, title, and bullet list.

- Supports up to 6 bullets per card
- Auto-aligns text to left content
- Theme colors applied to accent bar and typography
- Speaker notes stored separately in Markdown

Slide 3

Standard Slide

Key Message Layout

A bold left-panel statement drives the point home.

- High-contrast primary color card on the left
- Supporting evidence bullets on the right
- Ideal for executive summaries and punchy insights

Slide 4

Standard Slide

Numbered Insights

- 1 Design tokens drive every color and font decision
- 2 Brand guidelines encoded in theme.json
- 3 Content JSON separates data from presentation
- 4 AI planner assigns layout variants automatically
- 5 Quality report flags mismatches and missing data

Slide 5

Standard Slide

Card Grid Layout

Each bullet becomes its own card

Up to 4 cards per row

Icon badge support per card

Automatic equal-width distribution

Slide 6

Standard Slide

Two-Column & Comparison

Side-by-side layouts for structured comparison

Slide 7

Standard Slide

Two-Column Layout

Advantages

- Pure JSON input — no CSS needed
- Version-controlled presentation source
- CI/CD automated generation

Use Cases

- Sales decks from CRM data
- Compliance reports from audit logs
- Training materials from LMS exports

Slide 8

Standard Slide

Headless Builder vs Manual Design

Headless Builder

- Minutes to generate a 20-slide deck
- Consistent brand compliance
- No design software required
- Fully automatable via CI/CD

Manual Design

- Hours of manual slide work
- Brand risk: human error
- Requires Photoshop or Figma
- Hard to automate at scale

Slide 9

Standard Slide

Metrics & Data Slides

Numbers, charts, and risk visualization

Slide 10

Standard Slide

Key Performance Indicator

94%

Automated Accuracy

Slide content accuracy vs manually authored decks in A/B testing.

- Tested across 500 decks
- Measured by design-token compliance
- Brand guideline adherence scored

Slide 11

Standard Slide

Platform at a Glance

15+ Limited Types

<2s Build Time

100% 2024 Score

Slide 12

Standard Slide

Slide Types Usage Distribution

Distribution of layout types across a sample of 200 auto-generated decks.

- Content slides are most common
- Metrics and two-column layouts growing

Slide 13

Standard Slide

Decks Generated Per Month

Slide 14

Standard Slide

Process, Timeline & Tables

Structured data and workflow visualization

Slide 15

Standard Slide

How the Builder Works

- 1 Author content with slide data and metadata
- 2 Define theme with brand colors, fonts, and design tokens
- 3 AI planner assigns layout variants and design decisions
- 4 Renderer builds PPTX slide-by-slide using paginings
- 5 Quality report and speaker notes exported automatically
- 6 LibreOffice renders preview PNGs and contact sheet PDF

Slide 16

Standard Slide

Project Roadmap

end engine - 1 hour topics

AI planner - quality reports

end user - 1 hour review

Design review - brand support

Preview rendering - content check

Slide 18

Standard Slide

Quotes & Closing

Testimonial and call-to-action slides

Slide 19

Standard Slide

“

The best presentation is one where the content drives the design — not the other way around.

— Headless Builder Design Principle

Slide 20

Standard Slide

Get Started Today

Clone the repo and run npm install

Add input/content.json with your content

Run npm run build:demo to generate your deck

Review content, share pdf for a quick visual check

Slide 21

Standard Slide

Image Layouts

Slides with photos and visual content

Slide 22

Standard Slide

Image Left Layout

Place an image on the left half with text content on the right.

- Ideal for product screenshots or diagrams
- Text block floats right of the image
- Caption and attribution supported

Slide 23

Standard Slide

Image Right Layout

Text content on the left with a supporting image on the right.

- Great for team photos or context visuals
- Manages brand accent bar on left edge
- Auto-crops to fit right panel

Slide 24

Standard Slide

Full Bleed Image

Slide 25

Standard Slide
